Channel the golden age of rail transport with a trip to the Robertson Wine Valley aboard 'The Red Devil'. A locomotive of The Ceres Rail Company, The Ceres Railway track was originally built at the turn of the 20th century—their mission is to help preserve and promote South African Rail Heritage. This powerful red steam train will depart from the Royal Cape Yacht Club station, and chug along the undulating scenery that unfolds between Cape Town and Robertson gradually becoming more Karoo-like. Relax in the comfortable lounge cars, and enjoy hot beverages and savoury snacks from the Dining Car or head to the Bar Car for a classic G&T or ice cold beer while watching the views zip past. You’ll be picked up at the station from where you’ll enjoy a weekend of bliss at The Robertson Small, before you depart once again on The Red Devil on Sunday after breakfast. 10 double en-suite rooms
